

Carlson Software Introduces the New Carlson Explorer

Maysville, KY (September 16, 2004) Carlson Software is pleased to announce the availability of the Carlson Explorer computer, a low cost, handheld computer with a customized keyboard that optimizes the performance of Carlson SurvCE data collection

software. The Carlson Explorer is manufactured by Two Technologies, Inc. and will be provided as a bundled option with the powerful Carlson SurvCE data collection software. “Carlson SurvCE is now our fastest selling product and there is a demand for a fully bundled hardware/software solution. The Carlson Explorer fits the bill perfectly” says Bruce Carlson, President.

The Carlson Explorer bundled with Carlson SurvCE starts at only \$1795.
